This will be your guide for uploading your artwork:

**1** **ONLY DIGITAL FILES:** Vector artwork or high resolution are perfect but we can work with .eps .ai .psd .jpg.

**2** **PICTURES:** Photos on your phone are fine.

**3** **TEXT DESIGN:** If you don't have experience with design programs, we can recommend [www.canva.com](http://www.canva.com)

Canva

**4** **FOR DUMMIES:** If You have no idea how to create your design, our graphic design team can help you.

## SOME THINGS TO CONSIDER:

**YOUR DESIGN:** We run an eye over your artwork before we print, but design is subjective so we can't promise to pick up or fix every odd choice.

**PRINT SIZE + PLACEMENT:** We will make a judgement based on the shape of your design and your chosen garment. If you have specific dimensions or spacing in mind, add them in the notes section.

**COLOUR:** There can be variation between the physical print and what you see on screen.

**GARMENT SIZING:** Check our charts carefully, and take a moment to measure your parts.

**TIMING:** Turnaround times are a guide only. We often deliver ahead of estimates.

**LIMITATIONS:** We want you to be delighted with your print, so if there's an approach that will give a better result, we'll get in touch to discuss options.

**ERRORS:** If you notice a mistake in your order, let us know right away. We'll make it right.

## TURNAROUND TIMES

iFree shipping to all US Continent!

To process and ship an order could take us:  
1 to 3 days on small batches (1-20 products)  
5 to 7 days on bigger batches (21 to 100 products)

## RETURNS

We cannot offer returns or exchanges if you simply change your mind, or are unhappy with the style or size of the garment.

If we've made an error with the garment style / size, or the actual print, we will send out a replacement and cover all associated costs.

## ECO FRIENDLY DIGITAL PRINTING

Digital is great for small runs and for very colorful and detailed prints. There are no costly set up fees, and turnaround times are super fast.
